

BDT awarded exclusive New Zealand

SMARTD POWERPAX distributorship

SMARTD-POWERPAX

Smardt Chiller group & BDT are proud to announce a new agency agreement.

Smardt-PowerPax, based in Bayswater, Melbourne, Victoria manufactures Air cooled and water cooled chiller packages. Since commencing business in 1999, Smardt-PowerPax has been developing state of the art Chiller products exclusively using Danfoss Turbocor, Centrifugal Oil free, magnetic bearing compressors.

Smardt-Powerpax offer a comprehensive range of ultra-high efficiency Air Cooled & Water Cooled Chillers.

- Air Cooled Chillers from 200 to 1600kWR

- Water Cooled Chillers from 200 to 3500 kWR

- Evaporatively Cooled Chillers from 200 to 1200 kWR

- Chiller Plant Control Systems using unique Optimization strategies to further unlock the energy savings of the Smardt-Powerpax Chillers.

All Chillers are available with many options and accessory's allowing a tailored selection to be made.

Chillers are AHRI registered and AS/NZS 4776 MEPS compliant. Specifiers, installers and end users can be assured that products manufactured by Smardt-Powerpax are the most energy efficient Chillers in the Global market.

As exclusive distributors of Smardt-Powerpax Chillers in New Zealand, BDT is now in a prime position to supply current and new customers with the most energy efficient Chillers available. This also extends to after sales service and technical support with BDT investing in service partner training ensuring the brand is supported to a level reflective of the quality of the product.

Effective 1 December 2014, all Smardt-Powerpax products will be available via BDT.
